## XS DESIGNS - MAKE THE MOST OF SMALL SCALE BATHROOMS

With our FRESH XS designs we show the elegant and space saving development of the bigger brother FRESH. These models are very suitable for small room concepts and thus for the renovation sector. By their unique design, exceptional and space-saving, they bring a special atmosphere to your bathroom, even there, where space is limited. Due to its successful design this range was lately enlarged by FRESH XS corner designs for left and right corner orientation.

# NEW DESIGN GO!

## MODERN & CONVENIENT COMBI DESIGN

**Useful and chic!** This evolutionary bath & shower combination not only offers modern and beautiful design language - it also is practical. Offering a side door for easy entrance, it can be used as shower cabin or bathtub. Especially people with handicap will appreciate the easy entrance without resigning modern design or the pleasure of having a relaxing bath.

Due to its space saving corner design (left or right) it suits well to small scale bathrooms or perfectly within the renovation sector.

# NEW CONCEPT DESIGN PURE

## CLEAN CONCEPT EVOLUTION

**Clean purism!** Evolutionary concept baths are requested more than ever. Our new concept bath PURE is a clean and straight development of our successful GO! design without door entry.

# NEW CONCPET DESIGN CHIC

## XS DESIGNS - MAKE THE MOST OF SMALL SCALE BATHROOMS

Our CHIC CONCEPT shows an elegant space miracle. The narrowing design makes it very suitable for very small rooms by keeping a high degree of comfort. Its full body design makes tiling dispensable and so handling and installation very quick and easy. That's why this model perfectly fits to the renovation sector.

# NEW CONCEPT DESIGN TIDY

## MODERN TO WALL DESIGN

**Sophisticated design language!** Our new TIDY perfectly shows the high degree of our manufacturer know how within the ranges of freestanding and back to wall bathtubs made from acrylics. Finest alignment combined with well rounded shapes leads to a one of its kind design.
